C. This will not, under any circumstances, be given into the hands of the soldier.

D. O. D. 10. D-O. 1864

NOTE 1.

The company commander will here add a statement of all the *facts* known to him concerning the disease or wound, or cause of disability of the soldier: the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the *facts* are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a *probable* case for *pension*, *special care* must be taken to state the *degree* of disability—as ¼, ½, &c., &c.; to describe particularly the disability, wound, or disease; the extent of which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1260 Regulations, Edit 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in *duplicate* by the soldier's company commander, or other officer commanding the separate detachment to which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post or detachment commander, who will, if the discharge is authorized by the competent authority, sign the soldier's discharge and the last certificate on this paper, see that the soldier is furnished with the proper final statements in duplicate, and forward both of these certificates, addressed to the Adjutant General United States Army, Washington, D. C., they will not, under any circumstances, be given into the hands of the soldier.

United States
vs
Martin D. Owens } charged with killing a fellow soldier of 1st Ky state troops.

Martin D. Owens was a member of Company A. First Ky State troops never mustered into the United States service & were not raised to ever be so mustered.
The Regiment was at New Haven Ky in the Summer of 1865; when the said Owens and a mother soldier of the same command had a difficulty, which was stoped - when Owens went to his quarters and got his pistol, and was drunk and flourishing it about - was ordered put it away & behave himself by his commanding officer, which he failed to do, when a Sergeant and a guard were ordered to disarm him - in this attempt the pistol went off & killed a bystander - not the soldier with whom said Owens had quarreled or had any unfriendly feeling - no malice against the person killed appearing in any way at all. Owens was brought before a Court Martial composed entirely of United States volenteer & Regular United States Officers. and no Militia Officer were on the Court. He was sentenced to the Penetentiary for two years.

where he now is & has been ever since the sentence of said Court.

Said Owens has a wife and children who are in a very destitute condition - supported alone by charity. They are in such a condition that they will probably suffer very much during the coming cold weather unless they have his assistance

Wherefore we respectfully ask your favorable consideration of his case and that if consistent with the good of the service, and the facts and circumstances of the case that you release said Owens from further confinement.

All other Military prisoners at Frankfort Penitentiary have been released by Military Clemency except said Owens.

Sir

I have the honor to send herewith all the orders in relation to Corpl Martin V. Owens Co A. 1st Ky Cav. (State Troops) I see he is spoken of in G. O. No. Orders 126 as 10th Ky Cav, and neither of these orders states the fact, that he was not in the U. S. service, but in an incomplete Regt of State troops, which was never completed.

I would ask the release of said Owens because he & his Father were persecuted in, & compelled to fly from East Tenn because of their Union sentiments.

2d Because whilst in East Tenn Martin V Owens did good & faithful service in the Company of Home Guards under command of "Tinker Beattie", who was the dread of all guerillas in his section of the country.

3d Because said Owens is young, and being in an incomplete, unorganized & undisciplined Regt of "State troops" his acts should not be judged as a veteran soldiers would be.

4th Because his Father is a poor man & needs his services, and he has been taught a severe

lesson - not to be forgotten & his longer remaining in the Penitentiary may make him a hardened wretch. from association & brooding over what appears to him to be an unjust sentence.

3rd That whilst great clemency is shown guerillas & rebel soldiers, hoping by that means to induce them to become good citizens, the same rule ought to be applied to delinquent Union Soldiers & men.

Hoping that you may see proper to remit this young mans sentence, and permit him to commence life again, with those who are now turning from evil ways, I remain.

97th Art of War. declares that "the officers & soldiers of any troops, whether Militia or others, being mustered and in pay of the United States, shall ×××× be governed by these rules and articles of war, & shall be subject to be tried by courts martial, &c"

The evidence in the above case shows that the was never mustered or in pay of the U.S. and it is also true that the Regt was merely state troops and not intended to be "mustered or in pay of the U.S."

NOTE 1.—This blank will be used for both enlistments and re-enlistments—enlistment of veterans, &c., &c., in the volunteer service. They will be made out in duplicate in all cases—one to accompany the recruiting return of the superintendent (not the recruiting officer) to the Adjutant General, and one to accompany the accounts of the officer who pays bounty, &c. The Regiment and Company in which the soldier last served should be given on the back.

NOTE 2.—An enlistment holds to service. A muster-in must, in all cases, precede payment of pay, bounty, pension, &c. A muster-in roll must, in all cases, be filed in the Adjutant General's Office as evidence of muster-in. The mustering officer, commissary, or assistant commissary of musters, as the case may be, will countersign both enlistments as having mustered the soldier into the service of the United States before either of them is given to the disbursing officer.

NOTE 1.

The company commander will here add a statement of all the *facts* known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the *facts* are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a *probable* case for *pension*, *special care* must be taken to state the *degree* of disability—as ¼, ½, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1258 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs, and sent by him to the surgeon who has charge of the hospital to which the soldier is sent. The surgeon will then fill out and sign the surgeon's certificate, and forward them properly to the regimental, detachment, or post commander who will forward them, with his action endorsed thereon, through the proper channel to his division commander; or, if the troops are not attached to a division, to the corps, department, or other commander or officer who has the authority to discharge enlisted men may be specially designated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the competent of the proper authority, sign the soldier's discharge, and the last certificate on the paper, so that the soldier is furnished with the last per final statements in duplicate, and forward BOTH of these certificates direct to the Adjutant General United States Army, at Washington D. C. they will not, under any circumstances, be given into the hands of the soldier.

NOTE 1.

The company commander will here add a statement of all the *facts* known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the *facts* are not known to the company commander the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a *probable* case for *pension, special care* must be taken to state the *degree* of disability—as ½, ¾, &c., desc: to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 126 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge, and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the regiment, detachment, or hospital in which the soldier is at the surgeon in charge of the hospital in which the soldier is sick. The original and duplicate will be filled out and signed by the surgeon's certificate, and forwarded, with the papers to the regimental, detachment, or post commander to whom the soldier belongs, who will be strictly enjoined to see that the soldier is discharged from the service, or from his command, as the case may be, within ten days after the receipt of the certificate at the office of the regimental, detachment, or post commander, or other officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channels to the regimental, post, or detachment commander who will, if the discharge is approved by the competent authority, cause the soldier's discharge and the final certificate on the papers, and that the soldier is furnished with the proper final statements in duplicate, and forward both of these certificates direct to the Adjutant General United States Army, at Washington D. C.; they will not, under any circumstances, be given into the hands of the soldier.

Asst Adj't Gen'l's Office
Cincinnati, Augt 24. 1861.

Captain,

I have the honor to state that, Officers and men belonging to Commands serving in the Dept of the Ohio, frequently come to this city; some representing that they are on furlough, some on sick leave, and others under orders given by Gen'l Cox, or some Colonel, Captain, or perhaps Medical Officer.

Sometimes they are on furlough, or sick leave, and at the same time under orders to attend to business connected with the Army; and in such case an order is asked for that will cover their subsistence and transportation.

One person has just left my Office representing himself to be

2d Lieut C. Preston of the 1st Ky Regt,
and says that his Captain L.
F. Leonards ordered him on the
Recruiting Service, and that Col
J. O. Guthrie had authorized the
Company to be converted into an
Artillery Company. Lieut Preston
was unable to say when Capt
Leonards or Col Guthrie obtained
their authority do to act.

Moreover no rolls of that Regiment
have been sent to Dept Hd Qrs and
there is no means of knowing
that there is such an Officer
as 2d Lieut Preston.

I respectfully suggest, would
it not be well to publish some
such Gen'l Order in the one
enclosed, herewith, and respect-
fully submitted? If so, please
telegraph me to publish order
referred to and I will obtain
a copy for that purpose.

I telegraphed yesterday
that troops are being sent to

General Fremont from Ohio. I understand that General Fremont is authorized by the War Dept to draw on Ohio & Kentucky.

NOTE 1.—This blank will be used for both enlistments and re-enlistments—enlistment of veterans, &c., &c., in the volunteer service. They will be made out in duplicate in all cases—one to accompany the recruiting return of the superintendent (not the recruiting officer) to the Adjutant General, and one to accompany the accounts of the officer who pays bounty, &c. The Regiment and Company in which the soldier last served should be given on the back.

NOTE 2.—An enlistment holds to service. A muster-in must, in all cases, precede payment of pay, bounty, pension, &c. A muster-in roll must, in all cases, be filed in the Adjutant General's Office as evidence of muster-in. The mustering officer, commissary, or assistant commissary of musters, as the case may be, will countersign both enlistments as having mustered the soldier into the service of the United States before either of them is given to the disbursing officer.

Captain

Enclosed is a paper referred to me from A.G.O. by me referred to you as shown by my endorsement. By your muster in Roll on file at this office, dated 27th February 1864 I find that William Parcell was entered in Lexington on 27th Feby by you and is returned as having been recruited by Private Joshua Parcell. The name of the Examining Surgeon does not appear but is probably the Surgeon of your board as he by rule is required to act as examining surgeon. This Parcell reported & passed by endorsement on that paper also captures incurred there I presume are all comprehended in the board & keeping clothing issued & transportation issued Rebel recruits.

Respectfully as will be seen by papers
